ABOUT

Gohtobi is the live, production and DJ project of Mexican artist Alexandro Reyes. Active since 2024, it explores tribal-leaning techno through expansive atmospheres, fractured rhythms and a deep presence of low frequencies. Contrasting sonic landscapes are connected through a coherent, long-form narrative.

Selected appearances include Room 303, Tokyo; 〆〆〆〆, Kobe; 〆〆〆〆〆, Osaka; Relink: Data x TNR Media, CDMX; ssensorial, Puebla; Brutal, CDMX; Club Japan, CDMX; Bar Oriente, CDMX; Dynamitas Club, Puebla; Machine Club, Puebla; Radio 28, Puebla; Amigos de Amigos x ssensorial x Saundo Studio, QRO.

His music has appeared on Wangan Club, Rauschtrax, Veneno and 091 Records, with a forthcoming release on Diffuse Reality. Tracks have received support from DJ Hyperdrive, Post Paranoia, West Code, Vlad Jevtic and LAO.

LIVE PERFORMANCE

The live act combines composed material with real-time sequencing, sampling and hardware performance. Rhythmic structures, melodic triggers and transitions are continuously reshaped throughout the set, so no two performances unfold in exactly the same way. The format preserves a defined musical direction while allowing energy, pacing and narrative to change in the moment.

AVAILABLE FORMATS

Live act preferred. DJ sets are also available and can move between hypnotic techno, ambient tension, bass and breaks while maintaining the same emphasis on flow, contrast and long-form narrative.

TECHNICAL SUMMARY

LIVE DURATION: 90 MIN
